**BECOME FAST
AND FLEXIBLE
WITH OUR EXPERTS**

When it comes to new contracts or managing utilisation peaks in day-to-day business, you often have to act quickly. It's at these times that highly qualified experts are in demand. We will find these experts and provide them on a temporary employment basis to you – whatever your needs.

Speed and a firm market overview are decisive criteria for successfully recruiting personnel. As recognised experts in the field, we will find the right specialists for you.

Take advantage of our industry know-how

To fill vacant positions with proven experts, you need to understand not just the requirements of your customers, but also those of their respective industries. Our staff are industry focused and know exactly what drives their markets and what specialists they need. That's why over 800 renowned international companies place their trust in us.

Our recruitment management sets us apart

We have at our disposal a proactive recruitment management team that continually expands our pool of experts and ensures their highest quality. This is what gives us the edge: we are in daily contact with the most sought-after experts and thus are able to find exactly the right specialist for you. Regardless of whether you need engineers for the technical documentation and construction of car bodies, system administrators, developers of hardware components or accountants and controllers, we can find the right expert for you.

Save time and money by having us as your partner

Through our integrated processes we can simplify and expedite all the steps for recruiting and deploying our temporarily engaged specialists. We electronically handle each stage of the process – and, of course, manage the complete administration and payroll of our specialists. With us as your partner, you reduce your administration demands, save time and, above all, save money.
